SANCTUARY HEARING LOOP UPDATE

As you may know, we have installed a temporary 'hearing loop' system in the St. Paul's sanctuary. Our goal is to make sure that worship is as accessible as possible for all persons, including those who use hearing aids and cochlear implants.

Gary Cote', an Audiologist in Chula Vista, has volunteered to attend worship on Sunday, October 23, to assist those with hearing aids to determine if they have a telecoil to connect to the 'hearing loop' system. Many people may have a telecoil that is not activated. Mr. Cote' will help those who have a telecoil to learn how to activate this component of the hearing aid. Mr. Cote' will also share the options available for those with hearing aids which do not have a telecoil.

If you would like to speak with Mr. Cote' directly, he can be reached at South Bay Hearing & Balance, 619-427-9900.

Group and Ministry Notes
